**Subject:** Microsoft Settlement

Dear Sirs and Madams,

I am writing to make known my displeasure with the government's settlement with Microsoft (MS) in the MS antitrust case. MS has used and, more importantly, is still using its monopoly in the desktop Operating System (OS) market to squash competition and hinder innovation. The current settlement does not solve this problem, and needs to be reevaluated.

Thanks.  
Susheel M. Daswani
